Academic year or years covered by statement	2023 - 2024
Publish date	November 2023
Review date	July 2024
Statement authorised by	Governing Body 04/12/2023
Sports Premium Lead	Karen Woodall
Governor Lead	Jacqui Scholes

Physical Education forms a very important part of the total education of the child who has a diagnosis of autism. In addition to the obvious benefits in terms of healthy activity and well-being, it is also important to consider the opportunities for personal and social development. These include:

- Promoting the growth and development of each child.
- Helping to establish self-esteem through the development of physical confidence.
- Helping children learn to understand and accept their physical abilities and limitations.
- Encouraging personal qualities of perseverance, commitment, fairness, and enthusiasm through physical activity.
- Developing body and self-awareness.
- Providing opportunities for joint attention and social interaction experiences.
- Developing an awareness of using equipment safely.

## Main Strategy aims for Primary pupils PE and sport 2023/24

Intent	Evidence of impact	Target date
1. For primary aged students to meet the national curriculum requirements for swimming and water safety, using a range of strokes effectively and perform self-rescue in different water based situations	100% participation from all primary pupils. 100% of year 6 pupils to have met the standards.	July 2024
2. For primary students to be offered and experience a broader range of sports and activities	100% participation from all primary pupils.	July 2024
3. All primary age pupils to participate in regular physical activity encouraging healthy lifestyles	100% of primary pupils to engage in at least 30 minutes of daily physical activity.	July 2024
4. Increased confidence, improved well-being, and reduced anxieties through participation in sport-based therapeutic approaches such as boxing therapy.	Assessment and behaviour data. Termly pupil progress meetings between teaching staff, multi-agency teams and senior leaders to monitor progress and effectiveness of strategies and interventions.	July 2024

## Implementation and Impact

Implementation	Funding allocation and percentage of total funding	Impact / Sustainability
1. All primary aged students will access weekly top up swimming lessons during the spring and summer term.	£1,300 (8%)	All primary pupils to be able to swim confidently over a distance of at least 25 metres by the end of Key stage 2, using a range of strokes effectively and perform self-rescue in different water based situations All primary pupils to know how to be safe in and around the water. Development of essential independent life skills and increased confidence, supporting the encouragement of active participation in sport.

<p>2. All primary students to be offered and participate in weekly adventure learning sessions. To experience onsite and offsite activities in a broader range of sports such as Gymnastics, dry skiing, bushcraft and climbing walls.</p>	<p>£6,000 (37%)</p>	<p>Primary pupils will have tried an element of PE, a sport or outdoor activity that they either have not tried before or in the cases of older primary pupils, an activity which they can become more proficient in. They will have the opportunity to develop their skills and techniques within these sports over a number of weeks. Pupils will gain confidence to try new experiences building self-esteem and resilience. Pupils will be more aware of the broad range of sports and activities available to them.</p>
<p>3. Further development of the outdoor space to aid outdoor learning. The aim is to include a new swing and suitable play surface and area to encourage adventurous play. It will allow pupils to be more active and self-regulate feelings of anxiety, increasing the enjoyment of the outdoor space.</p>	<p>£7,370 (46%)</p>	<p>Increased confidence and self-esteem in our younger students with the aim of encouraging full engagement with outdoor activities. Reduced anxieties will allow pupils to integrate into a wider range of activities as they move through the school. Increased enjoyment of outdoor activities, maximising the amount of time our younger pupils spend outside. Pupils will be more aware of the broad range of sports and activities available to them.</p>
<p>4. Continuation of boxing therapy to support pupils in managing their emotions, self-regulate anxieties and make changes to build good mental health.</p>	<p>£1,520 (9%)</p>	<p>Pupils be able to express emotions in a safe, controlled environment. They will begin to understand the benefit themselves of using the therapy to regulate their levels of anxiety. Pupils will build self-esteem and confidence whilst also increasing fitness and improved boxing skills.</p>
